MEMO

RE: JANAM

This morning, SA Francis D. O'Brien of the Boston office advised that yesterday, during an interview with the wife of ex-judge CHARLES L. CARR, she advised that she and her husband had been vacationing in Peacham, Vermont for approximately the past 15 years and that ALGER and PRISCILLA HISS had been summering there also about the same number of years. She stated that the people in Peacham are very, very pro-HISS and during the past summer, the HISSES maintained excellent poise and relationships there.

Mr. O'Brien stated this information was being furnished for such value as it is worth in connection with the motion made by the defense at this time for a change of venue to Vermont. This information should be furnished to Messrs. Donegan and Murphy.

RE: JAHAM

On October 4, 1949, Mr. FRED WOLTMAN of the NEW YORK WORLD TELEGRAM telephonically advised the writer that he had received a telephone call from Mr. WILLIAM LOEB, publisher of several newspapers, one of which is the ST. ALBANS DAILY MESSENGER in Burlington, Vermont. One of his newspapers is published in New Hampshire.

According to WOLTMAN, LOEB has become very much concerned about the possibility of the HISS trial being switched to Vermont. He feels certain that the trial would come under Governor ERNEST GIBSON who has been appointed by President Truman as a Federal Judge and is awaiting confirmation. GIBSON is a Republican. According to LOEB, some time ago one KARL PARSLAGE who is with the National Headquarters of the American Legion, put out a list of speakers whom the Legion felt were undesirable from the standpoint of either being Communists or fellow travelers. The name of MARSHALL DIMACK was on this list.

According to WOLTMAN, DIMACK is definitely a fellow traveler and lists himself as a former Assistant to the Attorney General in 1941. He is also a member of the Committee for Academic Freedom and the National Council of Arts, Sciences and Professions, which according to WOLTMAN are left wing organizations.

When this list came out Governor GIBSON on the floor of an American Legion Convention in Vermont publicly denounced the placing of DIMACK on this list and defended him in every way. Although LOEB does not feel GIBSON is a Communist or fellow traveler he, nevertheless, feels he is an opportunist and could easily be convinced that HISS is not guilty. He felt that it would be to the disadvantage of the government to have the case tried under GIBSON.

For information purposes the writer is a personal friend of Mr. WILLIAM LOEB. LOEB is terribly interested in politics and is on the opposite side of the fence, as it were, to GOVERNOR GIBSON. The writer is also from Vermont and although not acquainted with GOVERNOR GIBSON, nevertheless, has heard information concerning him to the effect that he is highly regarded and well liked. Nothing has ever been heard to the effect that he is a fellow traveler and certainly not a Communist. It is believed that Mr. LOEB has a tendency to be somewhat over enthusiastic and thus this should be taken into consideration in giving the above information proper significance.

The above comments in no way should be construed as reflecting on the honesty and integrity of Mr. LOEB. It is merely being pointed out to show that a lot of politics may be involved and thus even though Mr. LOEB may feel that he is expressing an honest opinion, it, nevertheless, may be tainted somewhat due to the political situation in Vermont.

MEMORANDUM:

Re: JAHAM

On October 4 FRANK TRACEY of the Immigration and Naturalization Service, New York City, advised that during conversation with an informant of his, who is a seaman associated with the NYU and a former CP member, he learned that the informant, on a visit to Baltimore, had spoken with an individual, unidentified, who had said that he had been a schoolmate of ALGER HISS that this individual is certain HISS was a former member of the Communist Party; and that HISS at one time had asked this unknown individual to either join the CP or visit a CP meeting with him. Mr. TRACEY advised that he had not explored the statements made by his informant, but desired to bring them to the attention of this office in the event an interview with the informant was desired.

Arrangements were made with Mr. TRACEY to have his informant at this office on the morning of October 5 next in order that the full details might be obtained from him at first hand.

Re: JAHAM
ESPIONAGE - R

A conference was called by AUSA THOMAS F. MURPHY today in Room 1404 in connection with the information supplied this date by EDWARD McLEAND HISS' lawyer, to the effect that on October 4, 1949, he would file moving papers asking for a change in venue to the State of Vermont in connection with the retrial of the HISS case. Present at this conference were Assistant Director E. J. CONNELLEY, SAAG T. J. DONEGAN, SAS A. J. TUOHY, J. M. KELLY, J. J. DANAHY, and the writer.

Several aspects of the possible arguments that Mr. MURPHY might use in opposition to this motion were discussed and have been made the subject matter of separate memorandums which are dated this date. During the conference, MURPHY telephonically communicated with USA JOHN H. McNAVARA at Burlington, Vermont. MURPHY advised McNAVARA of the motion for change in venue, and the reason the HISS attorneys were asking for this change in venue. McNAVARA gave MURPHY his off-hand opinion that the case had received rather wide publicity in the Vermont papers, but volunteered that a great many of the people in Burlington and other Vermont towns subscribed to the large Boston dailys which gave this trial rather extensive coverage.

McNAVARA also advised that Judge LEAHY of Vermont recently died and that ERNEST GIBSON, the present governor, had been selected to be the new Federal Judge, and that GIBSON'S name, although he has not been confirmed, is presently before the Senate Judiciary Committee.

McNAVARA confidentially informed Mr. MURPHY that he had some rather important information concerning GIBSON that he could not talk about over the telephone. McNAVARA suggested that MURPHY come up to Burlington on October 5, 1949 so that a discussion could be had in connection with this matter. MURPHY volunteered that it was his opinion the defense attorneys were well aware of the recent "shakeup" in the judicial picture in Vermont, and that there was a very great possibility that this was one of the reasons for requesting the change in venue.

MURPHY also stated that McNAVARA has been a United States Attorney for approximately twelve years, was Chairman of the Vermont State Democratic

Committee, and practically the only big Democrat in the State. McNAMARA apparently felt that he, McNAMARA, should have received the appointment for the Federal Judgeship. In connection with GIBSON, MURPHY also stated that the latter's father was a senator, and that GIBSON himself filled an unexpired term upon the death of his father.

In view of the possibility that the change in venue motion might be granted, Mr. MURPHY was desirous of knowing whether the Bureau had any information concerning GIBSON that might bear on the trial of ALGER HISS. On the event it was tried in Vermont.

In view of the fact that the Bureau has conducted a Departmental Applicant investigation in connection with ERNEST GIBSON, it is suggested that the above information be telephonically communicated to the Bureau, and that any information in GIBSON'S applicant file that may have any bearing on this case should be relayed to the New York Office.

Reference is made to the memorandum of SA Thomas G. Spencer, dated October 3, 1949, relative to the request of AUSA Thomas F. Murphy for SA Spencer to accompany him to Burlington, Vermont for a conference with United States Attorney John H. McNamara.

On the morning of October 4, 1949, in the absence of Inspector H. B. Fletcher of the Bureau, I discussed this matter with Mr. Leo Laughlin. On the afternoon of October 4, Mr. Fletcher advised that the Bureau felt it was inadvisable for Agent Spencer to proceed to Vermont for this conference.

RE: JAHAM
PERJURY
ESPIONAGE - R

Reference is made to the Baltimore office letter dated September 19, 1949 and New York teletype to the Bureau and Baltimore dated September 12, 1949, both dealing with a news release made by WALTER WINCHELL on September 12, 1949 concerning "Time" magazine and JOHN OSBORNE, one of its employees. The information contained in referenced letter was made available to Assistant United States Attorney THOMAS F. MURPHY and he advised that although CHAMBERS' explanation appeared to be satisfactory, he felt that we should pursue this matter further, particularly at "Time" magazine, so that we would be fully prepared in the event that this matter became initial in the retrial of the HISS case.

On September 28, SA JOHN J. DANAHY, and the writer interviewed JOHN CHAMBERLAIN, 33rd floor of the Time and Life Building at Radio City. CHAMBERLAIN is on the editorial staff of "Life" magazine and is a close personal friend of WHITTAKER CHAMBERS. CHAMBERLAIN was asked whether he knew anything about the item appearing in the "Daily Mirror" of September 12 and he related that he had seen the article and that on the day it was printed, JOHN OSBORNE talked to him and stated that he had seen the article and indicated he was making an attempt to find the cable that was referred to in WINCHELL'S column. OSBORNE stated that he was quite upset over the article and told CHAMBERLAIN that there was no truth in it, that in fact, he had disagreed during that period with CHAMBERS over the latter's style of writing and editing foreign news articles, and that he recalled having sent a cablegram from Italy expressing his views as to how the Foreign News Section of "Time" should be edited. However, he told CHAMBERLAIN that he certainly had not accused CHAMBERS of attempting to change "Time" from "a news magazine to a fiction magazine", but rather had criticized CHAMBERS' use of the fantasy style in

editing foreign news. CHAMBERLAIN stated that OSBORNE indicated to him that he believed that CHAMBERS was telling the truth in the HISS case and CHAMBERLAIN believes that in the event OSBORNE were called by the defense, he would refute the allegation made in the WINCHELL article. CHAMBERLAIN stated that he has no knowledge of where OSBORNE had located this cablegram but he would endeavor to ascertain from him where he had found it.

Mr. CHAMBERLAIN stated he had no knowledge of whether or not HISS' attorneys had attempted to review or subpoena any of the "Time" cablegrams or other records and he suggested that JACK DOWD of the Legal Division would be able to furnish this information.

The writer and SA JOHN J. DANAHY attempted to see Mr. DOWD on the same day, but the latter was not in his office and was not available until September 30. It is noted that Mr. DOWD'S secretary is NANCY KELLY, a former Bureau employee. Miss KELLY reviewed DOWD'S files and stated that from her perusal of them, she doubted very much whether "Time" had been served a subpoena by HISS' attorneys in this matter.

On September 30, HAROLD MEDINA, Jr. of the law firm of CRAVATH, SWAIN and MOORE, which firm represents "Time", Inc., communicated with the writer and advised that he had just received a telephone call from Mr. DOWD in connection with an appointment that the agents were making with him. Mr. MEDINA stated that he was desirous of knowing the nature of the inquiry and thought that he possibly would be in a position to give the desired information. Mr. MEDINA was informed briefly of the nature of the inquiry and he stated that he was positive that no subpoenas had been served on Time, Inc., by the HISS attorneys for any record whatsoever. He stated that it was his personal opinion that the article did not have any actual basis but stated that he would check into the matter very carefully and would advise this office of the results of his inquiry. Mr. MEDINA stated that the CRAVATH, SWAIN and MOORE firm had followed the policy in this case of giving any information in their possession to both the defense and the Government and advised that if the subpoenas had been served, he would have so informed the Government, and in the event "Time" was subsequently served with these papers, he would so inform this office.

MEMO

NY 65-14920

Thereafter SA JOHN J. DANAHY called JACK DOWD and advised him of Mr. MEDINA'S conversation and DOWD stated that he would personally talk to JOHN OSEORNE and find out whether or not OSEORNE had located the cablegram in question and upon ascertaining this information, would notify this office.

In the event that this cablegram is made available to this office, consideration should be given to having this matter cleared with Assistant United States Attorney THOMAS F. MURPHY before it is accepted by an agent of this office in view of the fact that undoubtedly MEDINA will make this material available to HISS' lawyers. It may be that circumstances may dictate that it would be better not to receive this document.

RE: JAHAM

On October 5, 1949, I spoke to Mr. H. B. Fletcher of the Bureau with reference to the motion of the defense for a change of venue in connection with the coming trial of HISS. I pointed out that the defense has apparently supported its motion by gathering newspaper clippings in the New York papers and by making a poll which indicates that it would not be possible to get an impartial jury in New York. They have likewise conducted a poll in Vermont, particularly in the Rutland-Bennington area, where they desire the trial to be held. AUSA Murphy suggested the possibility of FBI agents making a poll in the New York area to counter the poll made by the defense - that is, to arrive at the true facts. Mr. Fletcher was advised that we recommend against this and will not make such a poll unless the Bureau instructs to the contrary. We are gathering New York press clippings which will undoubtedly reflect a different picture than that presented by the defense, which has collected only those clippings which appear to be detrimental to HISS.

I advised Mr. Fletcher that we want to do everything possible to assist Mr. Murphy in preparing his reply. One step we are considering is to have the Albany office secure and send us immediately copies of the papers covering the Rutland-Bennington area in order that we may see what type of press coverage was afforded the trial there. In addition, Mr. McGohey received a telegram last night from one JOHN SPARGO of Bennington, Vermont, in which SPARGO advised that the defense had made a telephonic survey in Vermont and in the event of a change of venue, the jury would be a schooled jury in favor of HISS. I advised Mr. Fletcher that we contemplate asking Albany to interview Mr. SPARGO to see whether he has any basis for his conclusion. Albany will first check to ascertain SPARGO's identity and consider the advisability of interviewing him. Mr. Fletcher advised that it would be desirable, if possible, for Albany to secure the copies of the Vermont papers in question without indicating an FBI interest therein. An appropriate teletype is being prepared for the Albany office in this respect.

Mr. Fletcher further referred to teletype dated October 1 from the Boston office, which sets out investigation which has not yet been completed. Mr. Fletcher advised that in connection with the interviews with MARTIN ALFRED, Mrs. ALFRED, and RUTH and CYNTHIA FANSLER, we should clear with Mr. Murphy before making any attempt to interview these people inasmuch as they are relatives of HISS. I advised him that in the event we consider it advisable to interview these individuals, we would first clear with Mr. B. I. *65-14920-4560*

MEMORANDUM:

Re: JAHAM

In August of 1948 WHITTAKER CHAMBERS, in both public and closed sessions before the House Committee on Un-American Activities, accused numerous persons, a great many of whom were in high government positions during the early and late thirties, as being members of the Communist Party or Communist Party sympathizers. Among those named was ALGER HISS, who from 1933 to 1946 held executive positions in the Agricultural Adjustment Administration, the Office of the Solicitor General, the Nye Investigating Committee, and the Department of State. After these disclosures ALGER HISS himself testified before the HCUA, denied the allegations of CHAMBERS, and challenged the latter to make such statements outside the immunity of the HCUA.

On August 27, 1948, CHAMBERS accused HISS of being a Communist on a radio program "Meet the Press," Station WOR, New York City. Thereafter HISS sued CHAMBERS for \$75,000 in a slander and libel action in the Federal Court, Baltimore, Maryland. On November 17, 1948, while being interrogated in a pre-trial examination in the slander and libel suit in Baltimore, CHAMBERS produced the now famous "pumpkin papers." Thereafter these papers were turned over to the Department of Justice, and CHAMBERS, HISS, and a number of people, most of whom accused by CHAMBERS of being Communists, were questioned before a Federal Grand Jury in New York City. On December 15, 1948, this Grand Jury handed down a two-count indictment accusing ALGER HISS of perjury. Thereafter this case was made a "special" with the New York Office being designated as the office of origin; CHAMBERS was interrogated continuously for approximately fourteen weeks, and as a result of his disclosures extensive investigations were conducted throughout the country but particularly in Baltimore, Washington, D. C., Boston, and New York City. This investigation was concerned primarily with the corroboration of the CHAMBERS disclosures, the location of handwriting and type-writing specimens of ALGER and PRISCILLA HISS, and an effort to locate the now famous FANSLER Woodstock typewriter.

The trial of this case began May 31, 1949, before Federal Judge Samuel Kaufman in the Southern District of New York, and ended July 8, resulting in a hung jury. A poll of the jurors after their verdict reflected that eight had

voted in favor of conviction; four for acquittal.

As of the date of this memorandum this file consists of 100 sections, which reflects to some extent the amount of investigative time devoted to this case.

The retrial of this case has been set for October 10, 1949. However, on October 3 EDWARD McLEAN, counsel for HISS, advised AUSA T. F. Murphy, who has been the Government prosecutor in this case, that McLEAN would file a motion for change in venue to the State of Vermont, and indicated to Murphy that LLOYD PAUL STRYKER, trial counsel for HISS in the first trial, will be replaced by CLAUDE B. CROSS, a Boston lawyer, and further that in view of these developments a postponement to November 1 would be asked at the time this case is called on the calendar October 10.

On October 8, 1949 SA Thomas Spencer requested that the writer phone the Bureau for the following purpose.

According to the "World Telegram" of June 4, 1949 CHAMBERS was supposed to have had a "secret session" with the House Committee on Un-American Activities on December 28, 1948 at his farm at Westminister. Thomas F. Murphy, U.S. Attorney's Office, thinks that the results of that secret session were later made public. The Bureau was to be requested to ascertain whether or not the results of the secret session were ever made public.

The writer communicated this request to Supervisor W. J. Hurley at the Bureau, who advised that the New York Office would be called back as soon as any information was obtained by the Bureau.

Re: JAHAM

At 9:15 p.m. on instant date, Supervisor D.M. Brown of the Bureau telephonically advised the writer that in connection with our inquiry of the Bureau of the same date, he had determined that the session of the House Committee on Un-American Activities was held at CHAMBERS' Farm on Dec. 12, 1948. Testimony was taken for about 5 hours, presumably that of Chambers. Short hand notes were taken but these have never been transcribed and are presently in the files of the committee. The session above referred to was not made a matter of public record. But BROWN suggested that probably one of the members of the Committee probably leaked the information to the press. He stated that the Bureau would not secure a transcript of the Stenographers notes unless advised to the contrary by this office.

At 9:20 p.m., I furnished the above information to Special Agent THOMAS SPENCER who advised that he would handle the matter with the U.S. Attorney.

SA Obendorf of the Washington Field Office called today and indicated that the public utility people in Washington had read in the newspapers that there would be a continuance of instant case and were desirous of knowing whether (1) they should appear in New York on October 10; (2) whether the United States Attorney desired the utility people to bring along the utility records of the CATLETT family.

The writer subsequently called SA Obendorf and advised that Mr. Murphy was desirous of having the utility records of the CATLETT family produced by these companies, and Obendorf declared that apparently the utility people had not read the letter that accompanied the subpoena which indicated they were not to appear on the date the subpoena called for, but were to await a telegram from the U. With respect to the trial, the defense, upon the calendar call this morning, had requested an adjournment of two months. Chief AUSA Murphy had objected strenuously to the adjournment but Judge LEIBELL granted an adjournment until November 1, 1949, without prejudice to the defense. On that day, they can make a request for an additional adjournment. I further advised Mr. Laughlin that as soon as the hearing on the change of venue was completed today, I would call him.

Re: JAHAM

MR. TOM MALLEY, of "News Week," called MR. SCHEIDT'S Office on October 10, 1949, and in his absence was referred to me. MALLEY, it will be recalled, raised some questions about our investigation of a sister of his who was being considered for a VOA job.

MR. MALLEY stated that his office, not for publication, is wondering whether there is any source available in New York City where they might have an experiment with a lie detector performed for their own information. I told him that I would check the matter and call him back. In the meantime, I spoke to DON PARSONS at the Bureau and PARSONS advised me that SA T. J. MC SHANE, in our office, had worked with the lie detector at the Bureau and had continued his interest in it, and PARSONS believed that MC SHANE had some contact with the men at Fordham University who were working on a lie detector and carrying on the work of Father SOMERS, who is now dead but who, before his death, did quite a bit of research in the field. I talked to Agent MC SHANE and he advised me that DR. JOSEPH KUBIS, at Fordham, is carrying on the work of Father SOMERS in reference to the development of what they call the psycho-galvanometer.

I called MR. MALLEY back and advised him that it would appear that of course a police agency such as ours, the New York State Police or a private detective agency would not be able to conduct the type of experiment that it appeared "News Week" was interested in. MR. MALLEY stated that that was correct. I advised him that DR. JOSEPH KUBIS at Fordham University is conducting experimental work in reference to the development of a lie detector and that in this area it occurred to me that he would be probably the best man to contact. MALLEY thanked me very much for this information.

MALLEY then advised confidentially that the reason for the inquiry was that they had received overtures from MR. CHAMBERS to appear on "News Week's" TV Program. MALLEY stated that of course "News Week" being a competitor of "Time" magazine was getting a big bang out of CHAMBERS' contact with them and that "News Week" had referred the whole matter to their attorneys for consideration. MALLEY further advised that CHAMBERS offered to undergo any lie detector test that
